

MICHAEL PROPER

Over the past 21 years, Michael has helped start and grow numerous companies in the IT industry and helped to create what is now known as the Managed Services Provider (MSP) sector.

Prior to starting ClearCenter, he started DirectPointe (an IT service company) & DPFS (an IT financing company) he also helped launch and establish Calculated Research & Technology and Veritas Solutions (both IT solution companies).

Michael is a creator and knows how to produce results by rounding up great teams and helping them to focus on simple yet measurable, transparent goals.

In addition, Michael has successfully acquired & integrated many great IT companies, including iTOK, Center7 (Helpdesk & NOC), STI, System Works & S3. Take a peek at how Michael's Team ranked in the MSP world.
